

MANUFACTURING CAMP

AT MARYSVILLE EARLY COLLEGE HIGH SCHOOL

Open to all incoming 5th, 6th, and 7th graders, Manufacturing Camp is a free, fun and interactive program focused on the exciting world of engineering. Students work hands-on with robotics and electronics — each day focusing on different elements, like designing and creating, that make up the engineering field.

**CRITICAL
THINKING**

**HANDS-ON
PROJECTS**

**PROBLEM
SOLVING**
