About the Award:

The Le Herron Rising Leader Award is modeled after Mr. Le Herron, former President & CEO of Scott's Miracle-Gro. Throughout his career, Le demonstrated outstanding servant leadership and has carried that over into a life after his corporate tenure by actively serving our community ever since.

This award recognizes students in Union County who consistently demonstrate authentic, servant leadership that impacts others in long term, positive ways.

Do you know a teenager whose actions demonstrate the very essence of what makes a future leader? We need your help because natural leaders are quite humble, allowing their genuine kindness of lifting others to possibly go unnoticed. Let's recognize them and share their stories of tenacity, drive and influence for a better community.

Please visit LeHerron.com today to nominate a young person who may be close to your heart!

2019.

Deadline for Nominations is Sunday, March 31st.
