All Activities Designed By **National Inventors Hall of Fame Inductees** and **FIRST LEGO** League World Champions

- LEGO BattleBots
- 'Shark Tank' Invention Challenge
- 3D Printing
- Beginner/Advanced Ages 4-16
- Learn from Lego Robotics Champions

*We empower kids to become engineers, programmers, entrepreneurs, and inventors all while having FUN with like-minded kids and inspiring instructors.*

## Times / Camp Focus

2 Days (1:30p-4:30p)

*Build Lego Robots and Battle To The Death!*

5 Mornings (9:30a-12:30p)

*Invent Specialized Robots, Learn 3D Printing, and Pitch your invention to investors in a fun 'Shark Tank'*

5 Afternoons (1:30p-4:30p)

*Build and Program Custom BattleBots, Solve Maze Challenges, and Learn In-Depth Programming*

5 Full Days (9:30a-4:30p)

*The complete package! Inventing, prototyping, 3D printing, BattleBot design and programming! (Extended Care 9:00a-5:00p available.)*

Ask us about private BattleBot events for birthday parties, school and business events, or scouting badges.
